Education is the bed-rock of civilization and wholesome development is the fruit of its labour. In an age of expanding boundaries and easily accessible information in the face of the Internet Revolution, maintaining the sanctity of an educational institution is a herculean task. Necessarily, such education has to be primed in context with shifting needs of the Human Race.

Dr. Ram Manohar Lohiya National Law University, established in 2005 is equipped with word class infrastructure, resourceful pedagogy and a Pan Indian confluence of students. The academic atmosphere here is founded on the belief that knowledge is a process, and schools of learning a mentoring catalyst to that end. RMLNLU strives to invoke curiosity, further awareness and encourage initiative. RMLNLU is a channel for its students to have maximum outreach, while upholding the ethics of our exalted profession.

It gives me great pride to introduce the Batch of 2010-2015 the students are illustrious, spirited, earnest and astute. They have displayed as much enthusiasm in extending legal assistance to the poor and needy as they have in keeping pace to the rigors of law school. They respect a fair challenge and address the same with integrity. Surely, the students of RMLNLU are a value addition to the Great Profession of Law. I wish them all the very best in their endeavors.

Message

Dr. Ram Manohar Lohiya National Law University, Lucknow (Dr. RMLNLU) has not only been a witness to the winds of change sweeping the landscape of legal education in India in the past few years but has also been a proud participant in the process. The underlying spirit is to constantly endeavor towards establishing ourselves as torchbearers in legal education. The focus is not merely on the theoretical and practical knowledge of law but students are encouraged to inculcate in them, interpersonal skills, decision making abilities, teamwork and a buoyant attitude towards life, and formulate a suitable response to the ever-changing challenges of the legal profession in India.

It gives me immense pleasure and joy to present the batch of 2010-2015. In my long years as an academician, I have encountered several students. Yet a more enthusiastic, dedicated and more vibrant group of individuals I am yet to see. As students, they realize the rate at which the legal profession is growing and diversifying and they have adapted themselves wonderfully. To facilitate the holistic and industry oriented education which they we try to impart here at Dr. RMLNLU , they have interned in diverse fileds and inculcated multiple discplines in their skills sets, not restricted merely to the litigation and corporate world but also towards developing juristic issues.

These starry-eyed, talented students have built an excellent super structure of excellence in varied fields of academia. Be it prestigious National and International Moot Court Competitions; Writing and Debating; Seminars and Symposia; Sports and Cultural events, the Batch of 2010-2015 has showered the University with laurels and contributed immensely to the success of this institute.

I am convinced that the students of this batch would establish themselves as doyens in their respective fields and establish new epoch in standards of legal professionalism in India and abroad.

Internship and Placement Committee

"There's no limit to what a man can achieve, if he doesn't care who gets the credit." — Laing Burns, Jr.

The quote cited above is followed in spirit and rather is the driving force in the working of the Internship and Placement Committee. The committee works as a team with specific jobs assigned to all members to avoid any hick-ups. In the competitive panorama of the present times, 'Liaisoning' has become the buzz word. The primary task taken on hand is arranging for internships for students in the academic session with the ultimate goal of facilitating placements and in the process be always on the look-out of prospective recruiters. Amidst these responsibilities the committee is committed towards preparation of the Placement Brochure for the batch of 2010-15 and sending student delegates to various metros to give batch presentations for the targeted batch.

The importance of this committee cannot be over emphasised. From the first year in college to the time a student passes out, the committee is responsible for assisting and providing internships for students. Working while learning helps the students to discover their areas of interest, and ultimately, to decide the course they wish to pursue in law. Finally, it is through the placement committee that all arrangements of students with their prospective employers are engineered, be it PPO or Campus Recruitment.

Manthan

"*Manthan*" is the flagship event organized by the Internship & Placement Committee (IPC) annually, wherein leading experts and alumni in Corporate sector, Litigation, and Academia share their experience and views on different career prospects with the student, in order to help them choose a career and formulate their plans accordingly. The event serves as a forum wherein the Committee acts as a bridge between the student community and the prospective recruiters and thus helps the students in choosing a career option and also equips them for future challenges ahead.

Committees

Student Committes:

The overall development of students is the main goal of the students committees. Not only are these committees the best approach to encourage extracurricular activities, they are an excellent way to instil in the students the qualities of team work and leadership. The following are most active student committees of our University:

Cultural Committee

The Cultural Committee which also goes by the name Tehzeeb, captures the essence of culture of Lucknow which is one of the major cultural centres of the country. The committee has truly lived up to the city's repute for promotion of art and culture, time and again. Besides encouraging students to take part in cultural events all over the country, the committee organises a three day long cultural extravaganza 'Ohr' every year and it also credited for being the leaders in organising the University Annual fest 'Spoculit'.

Debate and Discussion Committee

The quintessential qualities in a good lawyer are clarity of thoughts and brevity of expression. While being a good speaker comes naturally to some, it takes practice for others. The DDC provides the platform for students to learn and improve the art of expressing oneself. The Committee is involved in debates in different formats and organises annual month long debating league 'Tark' and also the political debate 'Satta' which is wildly popular. It is also responsible for selecting debates and speakers to represent the college in various other institutions.

Journal Committee

It is a very important part of legal education to think independently and to pen them down that others may have an insight to them. The Journal Committee's RMLNLU Journal prides itself with the collection of countries finest legal articles. The Committee is actively involved in collecting, editing and improving vast legal articles for the journal. Besides this, the committee organizes a number of events to cherish the literary and the poetic spirit, the most notable being one of the most awaited events on campus – the week long literary fest EOS.

Legal Aid Committee

The basic purpose of law is to improve the social order. But what is the use of law if the aggrieved are not aware of their rights or do not have the means to avail remedies? The Legal Aid Committee is living the dream of our mentor Dr. Ram Manohar Lohiya – working for the upliftment of the poor and downtrodden. Through camps and campaigns the committee helps and increases awareness of these people while it approaches leading lawyers to take up pro bono cases for those who seek such help. RTIs are filed by the committee as well for their relief and benefit.

Magazine Committee

This committee has the objective of nurturing literary skills of students and providing a platform for the exhibition of their erudite ideas. The first edition of the Magazine, planned to be launched soon, promises to be a *chef d'oeuvre* of literature.

Moot Court Committee

Moot Courts and mock trials are now seen as an essential part of training in law schools. The MCC conducts an annual intra moot court competition on the

basis which various national and international moots are assigned to individuals and teams as per their performance. It is also the primary committee concerned through which the University hosts Moot Court Competitions of its own.

Sports Committee

Sports are synonymous with talent, discipline, determination and tireless pursuit towards excellence. Our University recognises the importance of these qualities in any form. The Sports Committee is tasked with the arduous responsibility of choosing and training the students to represent the college. The committee organises various sporting events such as football, cricket, badminton, basketball, table tennis, and chess throughout the year.

Student Welfare Committee

The Student Welfare Committee is a forum of expression for the students where initiatives are taken for the betterment of the students and through which students can freely voice any grievance. Acting as the collective voice of the students, this committee is instrumental in ensuring that the problems and expectations of the students are being met by the university. On the other hand, initiatives are taken up to increase the awareness of the students for a healthier lifestyle on campus.

Batch of 2010-2015

From the Pen of the Batch

"One can acquire everything in Solitude except Character." – Stendhal.

This message from the Batch of 2015' echoes of a lasting bond, an alliance of differences. In five years, being an individual component in a batch of 160 has indeed imparted to us a resonance of character and broadness of mind that we otherwise might not have had in the same measure. The Batch of 2015 has assiduously cultivated its multifarious interests - be it in Competition or in Social Conscience, we have shown a fierce and relentless dedication to effectuating opportunities bestowed upon us. Many a Trophy lay resounding testimony to the oratorical accomplishments of our batch. Members of our Batch have shown tremendous initiative in constantly improving the dynamics of traditional education. In an increasingly internet-based era of Legal Practise, we have had creditable contributions to such Knowledge Databases and/or Online Legal Assistance. Our steadfast yet progressive opinions grace the pages of the most reputed Law Reviews in the Country. From being associated with illustrious Law firms and revered Practitioners to orchestrating Legal Aid camps that are colossal in size and scope of assistance offered; this Batch has added a new twist to that age-old dogma- *jack of all trades, master of many.*

Our experiences here have imparted to us a fortitude that transcends ordinary education. Admittedly, debt is part of the human condition. Life is based on exchanges, and to this end we are forevermore indebted to our Alma Mater- RMLNLU has fathered our ambitions, caressed our hopes and armed us for the future. As we step out, we realise that many challenges nestle in the folds of the Legal Community. The conundrum of departmental corruption needs urgent redressal as does the state of LGBT rights in India. Just as pressing is the necessity for evolving a less bigoted Society, a more balanced system of law. The true test for Batch 2015 shall lie in effectively equilibrating these ideals and bridging that chasm while addressing concerns that crop up on the way.

And this we shall do with conscientious equanimity.
