FROM THE PEN OF THE BATCH

*“The heights by great men reached and kept, were not attained by sudden flight;
But they, while their companions slept, were toiling upwards in the night”*

~ H.W. Longfellow

We could not think of anything better than this excerpt from The Ladder of St. Augustine to describe our batch. Though this excerpt might seem no different from just another motivational and inspirational text, it is actually very different if one knows the context in which it is written. Longfellow, through his poem, tells the reader that a person's past is unchangeable and filled with countless failures. However, in allowing ourselves to overcome our vices, it is our flaws and struggles that propel us to greater heights.

The same can be said about the Batch of 2020, a set of people who entered this university with their own set of shortcomings, but who went through the gruelling five years of college life and toiled upwards slowly, but steadily and shall now emerge on a new path leading onto higher destinies.

The Batch of 2020 is a diverse group of individuals: we have amongst us, great debaters, avid researchers, astute academicians, orators, sportspersons and artists. As ardent future practitioners of the law, each one of us have set out on our own journey, trying to find a place for ourselves in the legal machinery that runs the world. Accordingly, our semester breaks were spent interning at law firms, NGOs, advocates, corporate giants and even at publication houses.

We have strived for excellence and honed our skills hoping that one day, we are able to make a pile of all our challenges, and emerge triumphant.

RECRUITMENT PROCESS

The Recruitment Process is conducted by the Internship and Placement Committee of the University. It is a holistic process which commences in the month of February, and is aimed at facilitating the reach between graduating students and prospective recruiters. The recruitment process is governed by the Recruitment Process Rules which outline the duties and responsibilities of the Placement Cell, the Students, as well as the Prospective Recruiters. These rules expedite the procedure to ensure optimal flexibility to the students as well as the recruiters.

The recruiters are encouraged to conduct pre-placement talks highlighting crucial principle features of their organisation, job profile, terms and conditions of employment, remuneration and other relevant information. The recruiters are urged to indicate their preferred dates for such talks to the Placement Cell either by e-mail or telephonic communication a week prior to their arrival.

In furtherance of the process, the organisations are requested to register themselves with the Placement Cell with their preferred dates in the final placement schedule, by filling the recruitment form. The recruiters are at liberty to determine their eligibility criteria, and the policy for the screening and recruitment process. Organisations can also opt for telephonic interviews and interviews via videoconferencing, and the Placement Cell shall facilitate their process as and when required. In case the recruiters do not want to conduct a pre-interview screening, the CVs of the interested and eligible students shall be forwarded to them, before the final interview. The Placement Cell works to ensure that final recruitments are conducted in a fair and transparent manner so as to maximize the interest of both the students and the recruiters.
