BLOODCONNECT

BloodConnect Foundation is a youth-led organisation established in 2010 to address blood shortages in India. They ensure a consistent blood supply to government blood banks by providing a 24x7 helpline system and spreading awareness. They also hold voluntary blood donation camps and have established a youth network. BloodConnect Lucknow is a new team that has significantly contributed to the national effort, saving hundreds of lives and collecting approximately 1,000 units of blood during the pandemic.

PREVIOUS RECRUITERS

RECRUITMENT PROCESS

The Recruitment Process is conducted by the Internship and Placement Committee of the University. It is a holistic process that commences in July and aims to facilitate the reach between graduating students and prospective recruiters. The recruitment process is governed by the Recruitment Process Rules, which outline the duties and responsibilities of the Placement Cell, the students, and the Prospective Recruiters. These rules expedite the procedure to ensure optimal flexibility for the students and the recruiters.

The recruiters are encouraged to conduct pre-placement talks highlighting crucial principle features of their organisation, job profile, terms and conditions of employment, remuneration, and other relevant information. The recruiters are urged to indicate their preferred dates for such talks to the Placement Cell either by e-mail or telephonic communication a week prior to their arrival.

In furtherance of the process, the organisations are requested to register themselves with the Placement Committee with their preferred dates in the final placement schedule by filling out the recruitment form. The recruiters are at liberty to determine their eligibility criteria and the policy for the screening and recruitment process. Organisations can also opt for telephonic interviews and interviews via videoconferencing, and the Placement Committee shall facilitate their process as and when required. In case the recruiters do not want to conduct a pre-interview screening, the CVs of the interested and eligible students shall be forwarded to them before the final interview. The Placement Committee ensures that the last recruitments are conducted fairly and transparently to maximise the interest of both the students and the recruiters.

Travel & Stay | Virtual Facilities

The Internship and Placement Committee can arrange Online Interactive Platforms for keeping the process safe and sound. We can also arrange accommodation at the University Guest House, on prior intimation to the University.
